### Subject: Invitation for training course on measurement uncertainty

Dear Colleagues,

We would like to invite you to participate in the training course on measurement uncertainty jointly organised between the EURLs for *Campylobacter*, Coagulase Positive Staphylococci and *Listeria monocytogenes*.

This training course will be held at Maisons-Alfort, France. It will start on November 18 at 8:45 and finish on November 19 at 12:00. It will focus on the implementation of the **EN ISO 19036:2019 Microbiology of the food chain — Estimation of measurement uncertainty for quantitative determinations**.

Please find additional information in the attached document.

The EURLs will reimburse the expenses related to travel, accommodation, and subsistence of the selected applicants according to the EU rules. If you find this training course relevant to one of your staff, please apply by using the online form (link provided below and in the attached information document).

#### The deadline for application is 1<sup>st</sup> June, 2026.

The EURLs will notify the applicants on acceptance by the end of June.

More information and the link to the event will be provided closer to the event.

Form for application to the training course: [link\\*](#)

Yours sincerely,

Adrien ASSÉRE  
c/o Laurent LALOUX  
Laboratory Director
